I am asking the FCC to reject the NAB's petition 04-160. I am a subscriber to Satellite radio and am paying for all services provided. I use the weather and travel information as I travel from one city to another, both in my persona auto and in rental cars that have the XM/Serius installations. I do not understand how members of Congress (HR 4060) can deny me my rights as a tax payer and private citizen paying for a service of my choosing. Respectively, Richard Marshall
